- 2.2. The Company will process the Client's request to withdraw funds on the same day that the request to withdraw funds was made, or the next following Business Day, if the Client's request is received outside of normal business hours; however, the time required for the funds to be credited to the Client's bank Account or Credit/Debit card Account will depend on the payment method used.
- 2.3. **For Bank Wire Transfers**, it may take about three (3) to five (5) Business Days for the funds to be credited to your bank Account.
- 2.4. **For withdrawals via Electronic Payment Methods**, the number of days that may be required for the funds to be credited to your account will depend on the Electronic Payment Service you are using.
- 2.5. **For Credit/Debit card withdrawals**, up to seven (7) Business Days may be required for the funds to be credited to your Credit/Debit card Account (depending on your card provider).
- 2.6. In the event that your documents are expired, any withdrawals you request will not be made until all your documents are up to date and fully verified. - 2.7. **The Client accepts that the Company will process withdrawals and refunds back to the source of the original deposit.**
- 2.8. **For example**, a Client has made a deposit using 3 different payment methods:

- Credit Card
 - E-wallet
 - Bank Wire Transfer
- 2.9. In the above example, if the Client will request a withdrawal, then firstly the money will be refunded back to his/her credit card, secondly money will be sent back to his/her e-wallet Account and the remainder will be transferred to his/her bank Account in accordance with the amounts deposited by each method.
- 2.10. Withdrawals and refunds will be carried out in the sequence described above, irrespective of which deposit method the Client used first (*i.e.*, if the Client deposited by Bank Wire first, then by e-wallet and finally by Credit/Debit Card, the Credit/Debit will always be used first for the withdrawal/refund. Once the Credit/debit card is fully refunded, then the funds will be sent to the client's e-wallet, etc...).
- 2.11. In some rare instances, if your Debit/Credit card does not belong to CFT/OCT programs, by which your card issuer allows withdrawals above the deposited amount, we will not be able to process the transaction back to your Debit/Credit card. In this instance, you may need to withdraw your funds via bank transfer instead. The Company cannot determine if your card belongs to this program and accepts such transactions until we receive your withdrawal request. You should consult with your Debit/Credit card issuer for any further information.
- 2.12. Please note that the Company is not able to process withdrawals to a card number from which you did not deposit before. A withdrawal to a bank Account, when initial deposits have been performed by Credit/Debit card, may be executed at the Company's sole discretion. As soon as all previous deposits by card have been withdrawn back to the card used for the deposit, the Company may accept a transfer to a bank Account for a withdrawal of profits, provided that the bank Account can be shown to be in the Client's name, which should match the name of the trading Account exactly.
- 2.13. Any withdrawal of funds, from an Account with the Company to a bank Account, can only be refunded to the same bank Account where the funds were originally received from or, in case the bank Account used for the deposit is no longer in operation at the time of withdrawal, another bank Account, that can be shown to be in the Client's name, which should match the name of the trading Account exactly.
- 2.14. The Company will never proceed with withdrawals/refunds to third party or anonymous Accounts.
- 2.15. For withdrawals via Bank Wire Transfer, the Company reserves the right to ask you to upload evidence of your bank account, which could be either a copy of a bank statement (PDF version is acceptable), paying-in slip or void cheque (marked as cancelled).
- 2.16. For withdrawals via Electronic Payment Methods, withdrawals may be performed only via the same payment method clients used when initially depositing to your trading account. The Company recommends that all policies and procedures regarding transfer, transaction limits, fees, etc. are clearly understood by the Client prior to opening an Account or using Electronic

Payment Services.

- 2.17. For Credit/Debit card withdrawals, the Company reserves the right to ask you to upload a scanned color copy or photos of both the front and back pages of your card. - 2.19. The Company reserves the right, during the withdrawal process, to request any additional information related to the requested payment method. The Client understands and accepts that under such circumstances there may be a delay in processing the request.
- 2.20. The Company reserves the right to decline a withdrawal request of the Client asking for a specific transfer method and the Company has the right to suggest an alternative.

- 2.24. All payment and transfer charges will be borne by the Client and the Company reserves the right to debit the Client's Account for these charges.
- 2.25. In specific circumstances, when reasonably deemed necessary to ensure that your obligations towards us are covered, the Company reserves the right to impose withdrawal limits and withdrawal fees in its system.
- 2.26. **The Company cannot accommodate withdrawal requests for floating trading profits. A trading position will need to be closed before any profits attributed to it may be withdrawn.**

B. FEES

- 2.27. Subject to the provisions of paragraph 1.27 above, which shall be applicable mutatis mutandis as far as withdrawals are concerned, the Company has no minimum withdrawal amount requirement; however, the Client needs to be aware of potential intermediary/beneficiary bank wire transfer fees. Any Bank Wire withdrawal requests for an amount less than the applicable Bank Wire transfer fees, there is a risk that the Client will not receive anything because of applied bank charges. You should consult with your bank for any further information on any applicable Bank Wire transfer fees.
- 2.28. Furthermore, in some instances, certain card/service providers may charge commissions on Credit/Debit card withdrawals. You should consult with your card issuer for any further information.

C. CONVERSION RATE OF WITHDRAWALS

- 2.29. Clients shall request, under all circumstances, to withdraw funds from their trading Accounts in the currency in which the deposit was originally made. If the deposit currency differs from the currency in which the deposit was originally made, the Company will convert the amount to be transferred into the currency in which the deposit was originally made.
- 2.30. The conversion shall be based on the applicable conversion rate at the close of the previous trading day on our trading platform.
- 2.31. The Company will take reasonable steps to execute the currency exchange prior to the close of business on the next following Business Day but cannot be held responsible in case of a delay due to unforeseen events.
